## About This Publication

These release notes provide hardware and software enhancements for the Series B Kinetix® 3 Component Servo Drive.

| | |
|---|---|
| **IMPORTANT** | Firmware revision 3.001 or later is required for series B drives and is not compatible with Series A drives. |

## Enhancements

This section describes the new and updated firmware features provided in this revision.

**Table 1 - Enhancements with Revision 3.007**

| Enhancement | Description |
|---|---|
| Connected Components Workbench™ Software Compatibility | Enabled the Kinetix 3 drive to work with Connected Components Workbench software. |

**Table 2 - Enhancements with Revision 3.001**

| Enhancement | Description |
|---|---|
| 1203-USB Cable Usability | This enhancement supports the 1203-USB connection for use with the Connected Components Workshop software. The firmware is also compatible with Ultraware software version 1.83 or later. Firmware revision 3.001 or later is required for Series B drives and is not compatible with Series A drives. |

### Additional Resources

These documents contain additional information concerning related products from Rockwell Automation.

| Resource | Description |
|---|---|
| Industrial Automation Wiring and Grounding Guidelines, publication 1770-4.1 | Provides general guidelines for installing a Rockwell Automation industrial system. |
| Product Certifications website, http://www.ab.com | Provides declarations of conformity, certificates, and other certification details. |

You can view or download publications at http://www.rockwellautomation.com/literature/. To order paper copies of technical documentation, contact your local Allen-Bradley distributor or Rockwell Automation sales representative.

## Notes:

## Rockwell Automation Support

Rockwell Automation provides technical information on the Web to assist you in using its products.
At http://www.rockwellautomation.com/support you can find technical and application notes, sample code, and links to software service packs. You can also visit our Support Center at https://rockwellautomation.custhelp.com/ for software updates, support chats and forums, technical information, FAQs, and to sign up for product notification updates.

In addition, we offer multiple support programs for installation, configuration, and troubleshooting. For more information, contact your local distributor or Rockwell Automation representative, or visit
http://www.rockwellautomation.com/services/online-phone.

## Installation Assistance

If you experience a problem within the first 24 hours of installation, please review the information that's contained in this manual. You can also contact a special Customer Support number for initial help in getting your product up and running.

| | |
|---|---|
| United States or Canada | 1.440.646.3434 |
| Outside United States or Canada | Use the Worldwide Locator at http://www.rockwellautomation.com/rockwellautomation/support/overview.page, or contact your local Rockwell Automation representative. |

## New Product Satisfaction Return

Rockwell Automation tests all of its products to help ensure that they are fully operational when shipped from the manufacturing facility. However, if your product is not functioning and needs to be returned, follow these procedures.

| | |
|---|---|
| United States | Contact your distributor. You must provide a Customer Support case number (call the phone number above to obtain one) to your distributor to complete the return process. |
| Outside United States | Please contact your local Rockwell Automation representative for the return procedure. |

## Documentation Feedback

Your comments will help us serve your documentation needs better. If you have any suggestions on how to improve this document, complete this form, publication RA-DU002, available at http://www.rockwellautomation.com/literature/.
